FOR IMMEDIATE RELEASE

Etcetera Edutainment Releases Free Demo of Safetyworks™ Lift Truck – Simulation Game and OSHA-Based Forklift Safety Training

Forklift drivers and safety professionals can download a free demo of Safetyworks™ Lift Truck and experience a powerful, breakthrough approach to learning and practicing OSHA-based forklift safety.

PITTSBURGH, PENNSYLVANIA – January 13, 2009 – Etcetera Edutainment, a leader in delivering game-based, 3D simulation training, today announced the availability of a free, downloadable demo of NSC Safetyworks™ Lift Truck (SWLT). SWLT is available for free download immediately at www.EtceteraEdutainment.com/forklift. The demo includes one fully-functioning forklift driving and operations lesson to give users hands-on experience for a real test-drive.

The full version of NSC Safetyworks Lift Truck for Windows-based PC can be purchased through the National Safety Council's (NSC®) website www.safetyworks.nsc.org in a range of packages suitable for as few as 1-3 trainees, or up to an enterprise license suitable for a large organization with multiple sites.

Safetyworks Lift Truck System Requirements

Minimum System Requirements are a PC with 2.0 GHz Intel Core 2 Duo (or equivalent) running Windows XP SP2, 1 GB of RAM, 256 MB NVIDIA GeForce 6800 (or equivalent), 500 MB of free hard drive space, CD-ROM drive, keyboard and mouse.

Optional: Logitech® MOMO® Racing Force Feedback Wheel for an enhanced driving experience.

About NSC Safetyworks Lift Truck

NSC Safetyworks Lift Truck is a breakthrough approach to forklift safety training, using videogame technology and instructional design techniques to deliver a virtual driving and loading simulation for drivers at all experience levels. It is the product of collaboration between Etcetera Edutainment and the National Safety Council, and is based on OSHA standards and best practices for forklift safety.

The game is self-paced and highly engaging, and is suitable for drivers at all levels. Task-based, objectives-driven lessons, just-in-time lesson information, and immediate, in-game feedback

to the trainee make Safetyworks Lift Truck a powerful tool to help elevate safety awareness for greater retention of safety practices.

The Lessons include a tutorial for practicing controls for driving, loading and unloading, and a series of safety and driving lessons followed by a final exam and certificate for qualifying scores. Lessons include:

- Forklift selection (optional)
- Forklift inspection
- Basic Operation
- Advanced driving
- Advanced loads

Pricing and Availability

NSC Safetyworks™ Lift Truck is distributed through the National Safety Council. View product information at www.safetyworks.nsc.org; order by phone at (800-621-7619) or on the web at shop.nsc.org/Search.aspx?k=Safetyworks.

About Etcetera Edutainment

Etcetera Edutainment (www.EtceteraEdutainment.com) is a leader in developing 3D games and simulation products for workplace safety and product operations training. Etcetera Edutainment's proprietary game engine, Crucible®, combined with extensive experience in game and instructional design is the foundation of powerful simulation and game-based training products to increase knowledge retention and decrease the risk of accidents and mishaps in the workplace.

Etcetera is closely allied with Carnegie Mellon University's Entertainment Technology Center (ETC), a world renowned program for the development of interactive entertainment and education technologies that combine computer sciences, graphics, and research and development.

About the National Safety Council

The National Safety Council (www.nsc.org) saves lives by preventing injuries and deaths at work, in homes, communities and on the roads, through leadership, research, education and advocacy.
